The Minister for Industries,
Government of Mysore,
B A N G A L O R E.

Dear Sir,

In pursuance of your advice given to us at the interview we had with you on 5th July 1946, in respect of our application to the Tariff Board and for the Import of Woollen Machinery, we beg to submit herewith a list of Machinery we need and request you to kindly pass the same on to the Mysore Trade Commissioner in U.S.A. instructing him to ascertain manufacturers of this machinery in America, quotations for the same, period of delivery, availability of Dollar Exchange, ~~and~~ etc. You will please recall your telling us that Col.Felton in U.S.A. should be able to guide us as to whether this Machinery could be had cheaper in U.S.A. than in Great Britain.

Col.Felton may kindly be instructed to furnish his opinion to you early as we have to make necessary application to the Governmer of India for the Import Licence without any delay. Col.Felton's attention may as well be invited to the time factor in securing delivery of the Machinery; for example, even if British Machinery should cost us a little more than the American Machinery, it would matter to us if British Machinery could be got much earlier than the American Machinery.

19. JUL. 1946

We trust that Col.Felton should be able to make full enquiries in this respect and get us all information and favourable terms at the earliest possible time.

Thanking you,

Yours faithfully,
for THE MYSORE WOOLLEN INDUSTRIES, Ltd.
